

bizhub ONE i-Series Video

# The Bizhub One i-Series

## bizhub C651i / C551i / C451i

The i-Series contains a robust engine, a quad-core CPU with 8 GB of memory and a 256 GB SSD, enabling fast, high-performance tasks.

-  Offers true cloud scan workflow automation with an intuitive interface
-  Standard dual scanning up to 280 opm
-  Mobile print support with access point capability
-  Maximum paper capacity of 6,650 sheets

## Konica Minolta Wins Four Pick Awards and 2025 A3 Line of the Year Award from Keypoint Intelligence

*“Our testing of Konica Minolta’s latest A3 MFPs revealed exceptional and consistent performance across the lineup, whether it was the 30 ppm, 45 ppm, or 75 ppm, mono or color models,”*

**SECURE TO THE CORE**

**bizhub Secure**

## Rethink security

In recent years, data breaches have become a serious issue for many businesses, with widespread media coverage of data theft and hacking causing damage to various companies' finances and reputations globally.

### **bizhub SECURE**

- Protects the data in the memory of your i-Series device
- Protects from cyber attacks using data encryption
- Ensures files are stored only for usage, and are deleted in a timely manner if not used

### **bizhub SECURE Platinum**

- Secures the network settings of your devices and guards against unauthorized access
- Allows you to disable unwanted and unnecessary protocols and ports
- Ensures the right certificates are in place for use
- Track what's happening on your MFP by enabling the right logs

### **bizhub SECURE + LK-116 i-Option**

- Provides evidence of all activities and processed information, ensuring an audit trail suitable for security purposes
- Provides comprehensive protection for your bizhub device against the threat of viruses with our virus scanning solution supported by Bitdefender®
- Secures operations regardless of user and their location
- Notifies your IT admins if a virus is detected

## Cloud Shield Guard

Shield Guard lets you easily monitor and manage the security of your entire bizhub fleet through the cloud. With a visual dashboard and customizable policies, your IT team can remotely oversee security settings, track status, and ensure protection across all devices.
